

# Simplified Sidewalks

Olympia 2020

## City sidewalk use for vending and restaurant dining has been simplified

The City of Olympia wants to make operating your business during the COVID19 Pandemic as user friendly as possible. In an effort to do so, we have updated our internal procedures for sidewalk vending and worked with our partners at the LCB to remove barriers

### Outdoor Liquor Sales

A new LCB approved program for outdoor sidewalk cafe alcohol service

No railings or City permit fees required

Olympia staff will come to you to assist in setting up for LCB and City compliance

*\*LCB approval is restricted to businesses that hold a "Restaurant Liquor License"*

### Retail establishments with Interior Sales and Curbside Pickup

The City is here to help enhance outdoor street vending opportunities with:

Streamlined sidewalk vending requirements

Outdoor sidewalk striping for safety protocols

Dedicated curbside pickup parking stalls
